

Star Inox Inc.

"Stainless" Quality Steel

Manufacturers of :

- **Stainless Steel Flat**
- **Stainless Steel Patti**
- **Stainless Steel Angle**
- **Stainless Steel Round - Black / Polish**

Introduction

We would like to introduce ourselves as one of the finest manufacturers of stainless steel in India, with an overall experience of 50 years. We started manufacturing of stainless steel in the year 1975. Our manufacturing expertise ranges from stainless steel flat, patti, angle and round. Over the period of time the company has established itself as one of prominent manufacturers of stainless steel across the markets in India. These stainless steel products are further used for manufacturing of stainless steel utensils, hardware, industrial products, fabrication items and many more.

The company is managed by a young & dynamic team lead by Gaurav Garg, Vivek Garg and Uday Choudhary which is poised to grow in the future by adopting latest technology in manufacturing, so as to ensure quality products & timely delivery to its customers. Our main focus area for the future will be to add more value added products to the company's product mix so as to ensure long term sustainability in such competitive world markets.

We look forward to an everlasting relationship with our customers and dedicate our commitment towards quality, service and customer satisfaction. We are sure that together we will be able to provide a better 'stainless future'.

Why us

- We are equipped with state of the art manufacturing facility to manufacture various stainless steel products, which includes two induction furnaces of 3t and 2t along with fully automatic 5 stand rolling mill of 18" and 5 stand rolling mill of 12".
- We also have state of the art cold processing unit comprising of Section straightening machine, Round straightening machine, Bandsaw machine, centreless grinding machine and laser marking machine.
- We are very conscious about our quality and have a fully operational laboratory along with German Spectrometer handheld XRF machine and fully equipped cold lab.
- We have the required infrastructure that helps us in meeting bulk requirement of our customers.
- We are determined to offer products that meet the exact requirements of our customers and we take all the requisite measures to ensure timely delivery with highest quality.

Product	Stainless Steel Flat
Size	185 to 190 mm
Thickness	5 mm to 30 mm
Grade	200, 300 & 400 Series
Condition	HR/HRP

Product	Stainless Steel Patti
Size	Width - 40 mm to 75 mm
	Thickness - 5 mm to 25 mm
Grade	200 & 300 Series
Condition	HRP

Product	Stainless Steel Angle
Size	Width 32mm/40mm/50mm
Section	Thickness 3mm/4mm/5mm/6mm
Grade	200 & 300 Series
Condition	HRP equal angles

Product	Stainless Steel Round
Size	16 to 56 mm
Grade	200 & 300 Series
Condition	Black/Polish
